

Accessories for the Golf Plus.

Volkswagen Accessories: More tests for your safety.

<p>Highest testing standards: Strict criteria for selection and uncompromising test drives in a series of perfectly combined tests ensure even more safety. With Volkswagen Genuine Accessories.</p>	<p>Volkswagen Genuine Accessories</p>
<p>This enhancement also applies for Volkswagen Genuine Accessories: We do more than many other companies and perform these tests according to above-average inspecting methods by ourselves, such as with the City Crash Test.</p>	<p>Trade products</p>
<p>The products are tested for their user reliability and usability by the respective manufacturer themselves and, if necessary, by the TÜV, DEKRA or GTÜ (German testing institutes).</p>	<p>Open market</p>

Volkswagen – a brand that stands for quality, safety and innovation, for generations. A brand that has not only been an important part of history but has also set trends in development and has gained the trust of millions of people from around the globe. Therefore a brand that is committed, down to the smallest detail. As with Volkswagen Genuine Accessories.

More quality

No matter how high the demands are – we are starting at the top and are striving further upwards. Using the best materials, state-of-the-art production processes and excellent processing to ensure that good will always keep improving.

More safety

Clear safety principle: More performance requires more commitment. This is why our testing procedures are more stringent, our demands much higher and our test routes much more difficult than other ones – as a standard.

More Volkswagen

Each Volkswagen Genuine Accessories product is developed in conjunction with the vehicle itself. Clear goal of the team: Everything must fit perfectly so that we are able to impress you with a precise sharpness in detail, again and again. Or in other words: so that a Volkswagen stays a Volkswagen.

The vehicles shown in this brochure are occasionally pictured with additional accessories and/or special fittings. These are not supplied in the scope of delivery of the product described, which also applies to any decor elements shown.

Freedom on **4** wheels.

Libertad is the Spanish word for freedom. The name for freedom on 4 wheels is Golf Plus. This does not only mean freedom of comfortable mobility, but in particular the free selection of an astonishingly wide product range of alloy wheels and complete wheels. Furthermore, you can also enjoy this freedom on a virtual level – online, with the alloy wheel and complete wheel configurator under www.volkswagen-zubehoer.de.

Wheel bolt locking set**

This wheel bolt locking set
ensures your alloy wheels have
maximum protection against
theft.

Art. no. 000 071 597

Flatteries for all **5** sins.

Smooth starting of the engine. The smell of spring flows in through the window. Your favourite song sounds with one movement of your hand. A quick glance at the navigation unit and you are already on your way. And where is the taste? Simple, it definitely tastes like a Golf Plus. Or in other words: like the pleasant feeling of the communication solutions from Volkswagen Accessories.

Volkswagen Genuine

Radio navigation system RNS 310

Convenient and precise operation using the 5" touchscreen, accurate navigation as well as a brilliant screen quality with easily understandable 2.5-D map display belong to the excellent features of the radio navigation system "RNS 310". The "State-of-the-Art" radio with CD drive, SD card reader and AUX-IN socket enables the "RNS 310" to save and play back different file formats, such as MP3 and WMA – by the way, even when the route guidance is activated.

Art. no. 3C0 057 270

Volkswagen Genuine Navigation CD

(not illustrated)

For the radio navigation system "RNS 310".

Art. no. 3C8 051 884 C **Map material for Germany**

Volkswagen Genuine

Radio navigation system RNS 510

A comfortable touchscreen display, a 30 GB hard disc, a DVD drive and so much more: The MP3 and WMA capable radio navigation system "RNS 510" leaves nothing else to be desired. The integrated card slot reads SD memory cards and external audio sources, such as an MP3 player can be connected to the AUX-IN socket.

Art. no. 1T0 057 680 B

Volkswagen Genuine Navigation DVD

(not illustrated)

For the radio navigation system "RNS 510". Including a sympathetic Virtual Car Assistant (VCA) that guides you as an assistant "personally" through the operating menu.

Art. no. 1T0 051 859 F **Map material for Western Europe**
Art. no. 1T0 051 859 G **Map material for Eastern Europe**

DVD Voyager 4 multimedia kit

(Figure left)

The "DVD Voyager 4" multimedia kit makes car driving a particularly enjoyable experience for all rear seat passengers. The DVD tablet player integrated in the 7" TFT display plays DVDs and CDs in all standard formats as well as MP3s. The flat and light player is mounted to or removed from the headrest quickly and easily and can therefore be used conveniently in different vehicles. The system is EU crash-tested, the player's rounded edges minimise any risk of injury in a crash. A child proofing in the player securing system provides additional safety. Also available as a basic or comfort kit. Please see the attached price list for more information.

Art. No. 000 063 500 ES

Volkswagen Genuine MP3 Radio RCD 310

(Figure above)

For non-stop music enjoyment on all your journeys. The “RCD 310” MP3 radio has a CD drive and plays all your favourite files in MP3 and WMA format. With a 4 x 20 watt power output, the “RCD 310” makes a sound that can be heard. In addition, the surrounding of the buttons and knobs in chrome optic make the radio a true eye-catcher.

Art. no. 5M0 057 186 AA Without digital tuner (DAB)

Art. no. 5M0 057 186 AB With digital tuner (DAB)

Volkswagen Genuine MP3 Radio RCD 210

The Volkswagen Genuine MP3 radio “RCD 210” combines a noble design with the highest degree of functionality: Excellent sound quality, state-of-the-art radio enjoyment including RDS, EON and GALA as well as several interfaces for connecting different devices such as, e.g., the CD changer. A useful storage shelf finally rounds up the “RCD 210” to a practical design object.

Art. no. 5M0 057 156 A

Volkswagen Genuine MEDIA-IN

(Illustration shows the MEDIA-IN with iPod adapter cable)
 If you use the MEDIA-IN multimedia socket, you can easily plug in your external audio sources (MP3 player, iPods, USB sticks, etc) and play everything on them. The device control as well as display of music track titles and playlists takes place via the factory-fitted car radio or radio navigation system. Can only be used in conjunction with the "RCD 310", "RCD 510" MP3 radios and with the "RNS 310" and "RNS 510" radio navigation systems. Please see the attached price list for information on the optionally available adapter cables.

Art. no. 5N0 057 342

Volkswagen Genuine CD changer

Freedom of music for the central console. The Volkswagen Genuine 6 disc CD changer comes with motorised CD tray, double speed drive with cache memory and noise shaping DAC with 32 x oversampling and a holographic 3-beam sampler and vibration damped mechanical system. In other words: Up-to-date technologies ensure for the best possible enjoyment of sound and a stable performance. The CD changer can be controlled using radios "RCD 210", "RCD 310", "RCD 510" as well as the radio navigation systems "RNS 310" and "RNS 510". Just order the wiring harness required for this as well.

Art. no. 1K0 057 110 A

CD changer

Art. no. 1T0 051 592 A

Wiring harness for CD changer

Volkswagen Genuine MP3 Radio RCD 510

The multi-talent amongst the Volkswagen Genuine radios: the MP3-Radio "RCD 510". With SD card slot, telephone interface, integrated 6-disc CD changer, GALA, RDS, TIM and TP. And naturally, with MP3 playback function. A special plus on convenience is provided by the multi-coloured and high-resolution TFT display where the touchscreen is also used for operating at the same time. With an output power of 4 x 20 watt, the "RCD 510" provides the enjoyment of real sound.

Art. no. 3C8 057 195

Volkswagen Genuine Loudspeaker upgrade

Even more performance, even purer sound. The "Upgrading" loudspeaker kit adapted to the Golf Plus provides a perfect sound experience by using high quality and attractive materials, such as the propylene diaphragm. Thanks to the extended frequency range, it has a high, distortion-free efficiency and gives out a dynamic, differentiated sound impression, even without an amplifier. A separate adapter and cable are necessary for fitting. You can find a summary of all the available versions in the attached price list.

Volkswagen TeleCom

We'd like to make sure you don't have to think about your mobile phone tariff at all. This is why we have come up with an inexpensive, simple mobile phone tariff. Please ask your Volkswagen TeleCom partner about the attractive "V10" mobile phone tariff and the many additional services you will have available if you use the Volkswagen TeleCom mobile phone card. You'll always be easy to contact on the road if you use the Volkswagen hands-free system together with the Volkswagen TeleCom mobile phone card. In addition, we can offer you a range of different mobile phone models. You can find more information at www.volkswagen-telecom.de.

For vehicles with a factory-fitted mobile telephone preparation

Volkswagen Genuine Bluetooth Touch-Adapter

When using the Bluetooth Touch-Adapter, you can operate your mobile phone with comfort via the high resolution touchscreen. Simply activate the Bluetooth-Hands-Free-Profile in your mobile phone and connect your mobile phone with the adapter. Once it has been set up, you can simply leave your mobile phone in its case while you're driving. The operation of the mobile phone is performed conveniently via the touchscreen of the Touch-Adapter. For vehicles with works-fitted mobile telephone preparation.

Art. no. 3C0 051 435 TA

Volkswagen Genuine Bluetooth pairing adapter

The Bluetooth pairing adapter connects your mobile phone to the hands-free system of your car via Bluetooth. Simply insert into the existing cradle, connect via Bluetooth Hands-Free-Profile and leave your mobile phone in its case while you're driving. For vehicles with works-fitted mobile telephone preparation.

Art. no. 3C0 051 435 PA

Volkswagen Genuine Mobile phone adapter set

(Figure left)

The mobile phone adapter set with active support is perfectly matched for cars that are already factory-fitted with a mobile telephone preparation. Two additional function keys connect you directly with the Volkswagen service and breakdown service. More information can be obtained from the attached price list for this purpose.

Art. no. 3C0 051 435 X¹

For vehicles without factory-fitted mobile telephone preparation

Volkswagen Genuine Bluetooth Touch Phone-Kit

The "Touch Phone-Kit" provides you with the highest degree on operating comfort with maximum safety. Using the speaker independent voice control and the high quality touchscreen, the Bluetooth hands-free system can be controlled as desired. The user interface in Volkswagen Genuine design is an additional eye-catcher. Furthermore, you can use the additional possibility to play back your MP3s from your mobile phone per audio streaming or via the AUX-IN socket using the car's own loudspeakers. Please see the attached price list for the adapter cable required for this purpose.

Art. no. 000 051 473 A

¹X = mobile phone specific index. Since the range of mobile phone adapter sets is continuously being extended, please ask your Volkswagen partner or check the information available at www.volkswagen-zubehoer.de.

Everything stored and **2** free hands.

A good feeling to have everything with you. And even better to have the assurance that everything is also stored with intelligence and, especially, safely. This is just the trick of the Volkswagen Genuine Accessories – everything fits perfectly. Without gaps or loss of space. Then there is only enough space for something that one wants to have more than enough of.

Volkswagen Genuine Carry bars

The supporting rods are the system basis for all attachments – despite their stability, they can still be fitted to the roof rails of the Golf Plus easily and quickly. You are also protected against nasty surprises thanks to the theft-proof locking device. For Golf Plus with roof rails.

Art. no. 5M0 071 151 A

Volkswagen Genuine Roof bars

Well equipped underway – thanks to the Volkswagen roof bar system. The basis for this are the City-Crash tested roof bars to which, for example, surf board, bicycle, ski and snowboard holder or the practical roof boxes can be attached. For Golf Plus without roof rails.

Art. no. 5M0 071 126 A

Volkswagen Genuine “komfort” ski and snowboard holder

Transport up to six pairs of skis and up to four snowboards comfortably and safely on the roof of your vehicle.

Then the ski and snowboard holder does not only allow itself to be easily mounted on the basic roof bars or carry bars, but also allows itself to be locked. The wide opening buttons mean the ski holder can even be operated if you're wearing thick ski gloves. An the practical pull-out function makes loading and unloading easier.

Art. no. 1T0 071 129

Volkswagen Genuine Canoe carrier

The canoe carrier has been especially developed for canoes weighing up to 25 kg. They can be transported safely on the roof of the vehicle without slipping or bouncing.

Art. no. 1K0 071 127 A

Volkswagen Genuine Roof box

The new roof boxes with volumes of 310 l, 340 l and 460 l convince with their simple and comfortable handling: Roof boxes are simple to fix to the roof bars or carry bars thanks to the practical quick clamp fixing. The innovative “DuoLift” system, which makes opening the roof box possible from both sides, ensures additional ease of loading and unloading. All roof boxes can be locked using the 3-point central locking system. Please observe the maximum permissible roof loading. Please see the attached price list for an overview of sizes and versions that are shown below.

Surfboard carrier

The best wind conditions can surprise you from all sides. Great if not only the board but also the the required equipment find their place comfortably and safely. This surfboard holder is supplied with two mast holders and two tensioning straps. The assembly to the roof bars or carry bars is carried out quickly and easily.

Art. no. 000 071 120 HA

Volkswagen Genuine Storage bag

(Figure right)

If the ski bag is no longer needed, it can be stowed in a space-saving and tidy manner within the sturdy storage bag. A hook-and-loop fastening enables the simple fixing of the bag in the luggage compartment.

Art. no. 00V 061 201

Volkswagen Genuine Ski bag

(Figure shows the ski bag with storage bag)

The practical ski bag serves for transporting up to four pairs of skis, including ski sticks. Also for the optimum protection against all persons as well as the equipment or the items within the vehicle or roof box: Thanks to the integral belt, the bag can be clipped into the belt plug in the vehicle interior. Furthermore, a full-length zip fastener and convenient handle ensure for simple handling.

Length approx. 200 cm for skis up to a length of 190 cm.

Colour: black.

Art. no. 00V 061 202

Volkswagen Genuine **Bicycle carrier**

The carrier is made of an aerodynamically-formed plastic profile and the frame mounting is made of chrome-plated steel. Easy fitting to the roof bars or carry bars make handling very easy. It weighs around 3.2 kg. Moreover, the city crash-tested bicycle carrier is lockable.

Art. no. 6Q0 071 128 A

Volkswagen Genuine **Bicycle carrier for the tailgate**

(Figure left)

The bicycle carrier for the tailgate is mounted quickly and has been constructed for transporting up to two bicycles. The optic of the body made of anodised aluminium profile merge into the lines of the Golf Plus. Supplied pre-assembled, it makes the mounting much easier whereas the anti-theft locking system makes life a lot more difficult for bicycle thieves. Opening of the rear lid remains unimpeded by the fitting of the bicycle rack (without bicycles). The bicycle rack net weight is 9.5 kg. The carrying capacity is approx. 35 kg.

Art. no. 5M0 071 104

Volkswagen Genuine **Towing hitch bicycle carrier**

Another easy and safe way for you to transport up to two bicycles. Lockable fastening screws ensure for additional retention. Depending on the drawbar load, the assembly on the ball head of the towing hitch can bear a maximum carrying capacity of 35 kg. An extension set is available for transporting a third bicycle.

Art. no. 3C0 071 105

Art. no. 3C0 071 105 E

Bicycle carrier for the towing hitch

Art. no. 5K0 092 155

Fixed

Detachable

Volkswagen Genuine **Electrical fitting set**

(not illustrated)

Amongst others, this 13-pin electrical fitting set supports the stabilising program for the trailer, the so-called trailer stabilisation. The perfect matching to the controlling elements of the Golf Plus provides you with a high system reliability.

Art. no. 5M0 055 204

Volkswagen Genuine Partition grille

This is how to stop your shopping, luggage or pets travelling along in the luggage compartment from becoming a risk when you have to brake abruptly. The partition grille separates the passenger compartment from the luggage compartment between the back seat backrests and the roof lining. The stable, black powder-coated steel grille can be fixed behind the rear seat backrest easily and comfortably. No additional drill holes are required, which means that the partition grille can be removed at any time without leaving any marks. The airbag function is not affected. The luggage space cover can also be used with the partition grille. Only for the Golf Plus with raised load surface.

Art. no. 5M0 017 221

Volkswagen Genuine Luggage net

Ensures that everything stays in its place, and that light objects cannot slide around. The tear-resistant net is easily attached with securing hooks to the standard lashing eyes in the luggage compartment.

Art. no. 5N0 065 111

Volkswagen Genuine Transboard shelf

The four separated partitionings provide additional storage space for different small and medium-sized utensils, without you losing your overview. For example, your umbrella, maintenance and care articles have their set places. Not to forget the first aid kit that can be accessed on the "Transboard" safely and quickly. Additional drilled holes or screws are not necessary. Max. loading capacity: 4 kg.

Art. no. 5M0 061 178

Safety is a work of precision.

The musical clock, the bite rings, the book with pictures or the school books, all ages have their own small or larger milestones. Each stages of development have their own challenges. This is the reason why we have also developed child safety seats for each age group. One that matches the age, mobility and the weight of the child perfectly. All Volkswagen Genuine child safety seats convince with a high sitting comfort and simple handling: All covers can be easily removed and can be washed at 30 °C. And the most important point: Each individual Volkswagen Genuine child safety seat provides your child with the highest level of safety. Then, our inspecting criteria are more stringent than legally stipulated. Our testing procedures are, for example, more comprehensive than the ECE Standards.

Volkswagen Genuine Bobsy G0-1 ISOFIX

The Bobsy G0-1 ISOFIX is the safest seating system for children weighing up to 18 kg (up to 4.5 years). The seat is firmly fixed to the vehicle bodywork using the ISOFIX fixing to the subframe, but can also be used without problems in vehicles without the ISOFIX system. The child seat is approved for Groups 0/1, which means they can be used from birth onwards up to a weight of around 18 kg if fitted facing backwards. If they are fitted facing forwards, they are approved for use between 9 and 18 kg. Highlights: The belt harness is height-adjustable and the seat shells can be clicked into three angle settings. The subframe for fitting the child seat to the vehicle must be ordered separately.

Bobsy G0 plus (up to 13 kg / approx. 18 months)				
Bobsy G1 ISOFIX DUO plus (9-18 kg / approx. 9 months up to 4.5 years)				
Bobsy G1 ISOFIX Top Tether (9-18 kg / approx. 9 months up to 4.5 years)				

Equipment like in **7**th Heaven.

An invisible film that preserves the paint against scratches.
Sudden acoustic signals that warn against hidden obstacles.
In many points we must admit that all this seems like magic.
Just convince yourselves: all of these products are not just real
but, moreover, really useful. Crossing your fingers and hoping
is unnecessary.

Volkswagen Genuine Park Distance Control – Rear

Four sensors and an acoustic warning signal help the driver while parking backwards: The park distance control is automatically activated when reverse gear is engaged, and is confirmed with a brief signal tone. It is harmonically integrated into the car's bumper. The self-diagnosis function of the park distance control helps to detect faults and the intelligent setup function recognises things such as your own towing hitch as not being an obstacle.

Art. no. 1K0 054 630 B

Volkswagen Genuine V-Protector

The Volkswagen Genuine paint protection film “V-Protector” protects your Volkswagen in all those areas where the perils of daily risks lurk: on the mirror caps, front skirt, front bumper, door handles, door edges and the loading sill. Thanks to the transparent film cut to match the specific model, your paintwork is especially protected at these locations against stone chippings, damage caused by corrosion, scratches caused by parking and damages caused when loading. Even more, the “V-Protector” contributes to the value retention of your Volkswagen. Please see the attached price list for the individual versions.

The highlights of the V-Protector paint protection film:

- Effective value retention and perfect protection
- Transparent and precise fitting to the vehicle
- Durable and free of yellowing
- Free of residues when removing, even after several years

Automatic cruise control system

The cruise control system is an electronic aid for controlling the vehicle speed. It helps the driver to keep to speed limits, especially when driving with a trailer or on long journeys. The system saves the speed specified by the driver and keeps to it. The reset function allows automatic acceleration to the preset speed after braking or changing gear.

Volkswagen Genuine Chrome-look rear strip

(Figure left)

The attractive rear strip in high-gloss chrome-look is not only an attractive eye-catcher, it effectively protects the tailgate edges at the same time. No boreholes are required on the car for mounting.

Art. no. 5M0 071 360

Volkswagen Genuine

Luggage compartment protection tray

The high-cut luggage compartment protection tray with wide ribs is extremely hard wearing, acid-resistant and suitable for anything which enjoys making a mess during transport, such as dirty shoes or plants. The inlay protects the luggage compartment against all types of dirt and is easy to clean due to its smooth plastic surface. With Golf lettering.

Art. no. 5M0 061 171

Volkswagen Genuine

Luggage compartment loadliner

The practical tailored luggage compartment loadliner for the Golf Plus. It is washable, anti-slip and acid-resistant. The surrounding raised rim of approx. 5 cm prevents liquids running out onto the vehicle floor. This is the easy way to keep your luggage area clean and your load won't slip around. With Golf lettering. For the Golf Plus with raised load surface.

Art. no. 5M0 061 181

Volkswagen Genuine Sill protection film

The accurately fitting sill protection from transparent film prevents damage during loading and unloading. For gluing onto the loading edge of the rear bumper.

Art. no. 5M0 061 197 A

Volkswagen Genuine Sill rail film

The sturdy film protects the paint of the door sills in the front and rear entrance areas that are heavily worn against scratches and damage. A reasonable and functional detail that provides you with a positive view of your Golf Plus for ages to come. Available for front and rear entry areas.

Art. no. 5M0 071 310

Volkswagen Genuine Luggage compartment inlay

This light and flexible inlay is made exactly to fit the contours of the Golf Plus. Its border, around 5 cm high, provides sufficient protection against moisture and dirt. The diamond pattern integrated in the material is anti-slip. If you don't need the luggage compartment inlay, simply roll it up and store it to the side to save space. For the Golf Plus with raised load surface.

Art. no. 5M0 061 161

Volkswagen Genuine Cargonizer

The Cargonizer is a practical and precisely fitting insert for the luggage compartment floor. The partitioning into five different sized compartments gives you additional storage possibilities to store all utensils or objects that are not used very often. For the Golf Plus with raised load surface.

Art. no. 5M0 061 200

Volkswagen Genuine Mud flaps

Protect the underbody, bumper and rear against dirt being thrown up and minimise dangerous stone chippings as well as spray water dispersion. With the extremely high wearing and durable mud flaps for the front and rear wheel arches.
